

Socially Responsible Investments (ESG)

Being aware of your responsibility.

What services do we offer?

- Joint preparation of selected criteria to implement a liquid sustainability strategy according to individual or ESG (environmental, social, governance) objectives within the portfolio.
- Customized implementation of your individual sustainability preferences based on our analysis tools.
- Close collaboration with SRI specialists and access to data from various ESG research companies.
- Inspection of the efficiency and reliability of sustainable investment opportunities (cross-check).
- Monitoring of your portfolio based on defined sustainability criteria.

How do you benefit specifically?

- You can define your own sustainability approach.
- You get access to a tried-and-tested analysis tool and save money.
- Positive feeling, as investments are made in companies and projects which exercise their global responsibility.
- Sustainability becomes simple and easily accessible for you, as you can individually design and shape the kind of investments you make.
